

## In the Orchard, Spring

### Primary Maker

James Charles

### Medium

Oil on canvas

### Dimensions

73 x 60 cm

### Description

A landscape scene with an apple tree in the foreground on a gently sloping hill. Below the apple tree is a young girl, wearing a cream coloured blouse and a blue dress. She is sitting on a fallen tree trunk. A number of sheep graze in and around the girl and the apple tree. The red-brown roof of a barn is visible in the middleground. There are more

trees in the right middleground, framing a creamy pink and blue sky.
