

Winter Landscape

Primary Maker

Simon Coleman

Medium

Oil on canvas

Dimensions

69.9 x 85.7 cm

Description

In the middle distance of this winter landscape is a farmer ploughing a field. Two brown horses, both with a white streak on their noses, draw the plough. The field is half ploughed, the brown earth clearly visible in the foreground. The landscape stretches into the distance, with green fields meeting a cloudy sky in the background. The branches of a number of bare trees on the left are silhouetted against the sky.
