

Sunset, Toledo Bridge

Primary Maker

William Crampton Gore

Medium

Oil on board

Dimensions

25.4 x 33 cm

Description

A landscape scene showing a bridge, with two arches and a river flowing below. It is a bridge entering the city of Toledo, Spain. The bridge spans the middleground and the medieval gate tower is visible on the left, as is a building. Small figures and a coach are crossing the bridge. The banks of the river rise steeply on both sides. A fisherman in a boat is in the immediate foreground on the right. The dominant colour is golden brown.
