

## 4 of 4 lithographs from The Scotoma Group. Body: Fold: Light - On the Work of Ciarán Lennon (28/45)

### Date

1993

### Primary Maker

Ciarán Lennon

### Medium

Lithograph on paper

### Description

This is an abstract two colour planographic print (lithograph) attached to printing paper by chin collé. A fine paper paste is applied to the back of the piece of paper you wish to stick, it is then placed face down onto a plate on the press before printing. The dampness of the printing paper and the pressure of the press cause the paste to adhere to the paper.
